4. Under Plan Information, provide **ALL** the information requested. Specifically, please put the property address under Plan Location, provide the Allegheny County Lot and Block number for the property as well as total acreage on site, the number of lots or parcels involved in the proposed subdivision or land development, the current zoning of the property, the proposed land use, list any known variances, modifications, or waivers previously granted for the site, and any modifications or waiver requests being submitted as part of the current application.

The financial custodian may be the property owner, the applicant, or another entity.

10. Under Township Consultant Fees, place a checkmark in the appropriate box and provide a check made payable to North Fayette Township for the proper amount owed for the consultant fees/escrow deposit. This fee is separate from the application fee explained under item 9 above and thus should be on a separate check.
