Recycling Changes - Again? Yes, but it's not that Painful!

Due to rising recycling costs and increasing limitations on what nations that accept our recyclables will accept, we've had to procure a new recycling contractor. The bad news is that there will be restrictions on which plastics will be accepted with your curbside recycling as well as the overall cleanliness of recyclable items. But the good news is twofold; these changes aren't drastic and there will be no additional charges to residents. In a nutshell, effective immediately, only plastics with the recycling symbols #1 and #2 can now be accepted. Additionally, it's especially important that your items - whether glass, plastic, or paper/cardboard - be clean. This means jars and cans free of food debris, and those greasy pizza boxes? Throw away the greasy part and recycle the rest!

We'll be mailing a flyer containing detailed information to all residents soon, so keep an eye on your mailbox! We've also overhauled the recycling page on our website to include the current changes, a comprehensive list of what can and can't be recycled, as well as links for various hard to recycle events in our region. Bookmark <https://www.north-fayette.com/197/Recycling> today! As always, feel free to contact us M-F 8:00am - 4:30pm if you have any questions. We understand that recycling changes can be a hassle and we appreciate your patience.

Trash Fee Adjustment

Due to increased operational costs, trash and recycling service fees have increased from \$15.00/month to \$16.50/month. The last time the Township made an adjustment was January 1, 2011. Even with the increase, our rate remains competitive with our neighbors: Findlay Twp. \$16.43, Robinson Twp. \$19.35, and Moon Twp. \$21.75 per month, respectively.
